

PDE RESULTS FOR 17 AUGUST 2023 ARE NOW AVAILABLE

This serves to advise all property practitioners who wrote the Professional Designation Examination (PDE) on the 17th of August 2023 that PDE results are now available and can be checked by logging on My PPRA portal.

Successful PDE candidates: Exam candidates who passed the exam are notified that the PPRA is currently processing letters of results and certificates and once the processing is completed, examination candidates will be notified for collection or emailed the necessary documents.

Unsuccessful PDE candidates: For those whose examination results are negative, it is the policy of the PPRA that appeals against negative examination results are lodged through the MyPPRA portal Query Management System, attaching the written Notice of Appeal or, request for appeal and proof of payment, within 10 - 14 days of receiving the notification of examination results. It is the PPRA's policy that no late appeals are considered. Should the appeal be unsuccessful, such persons are also advised to enrol via MyPPRA portal for the forthcoming PDE exam scheduled to be conducted in November 2023 which is now open for registration on MyPPRA portal and closing on the 27th of October 2023.

Postponements: It is a policy of the PPRA that all examination candidates who have registered but are unable to undertake the PDE should request for a postponement with a valid postponement reason (supporting documents are required for the request). The PPRA approves postponements as soon as they are received, and such persons are then allowed to re-register for PDE on MyPPRA portal for the next available exam without making any additional payment or may be requested to make a top-up payment should they postpone to an exam date which falls within a period where the PPRA has increased fees for the new financial year.
