

NOTICE TO ALL PROPERTY PRACTITIONERS

AMENDMENT OF DETAILS IN PPRA RECORDS

The PPRA wishes to remind all practitioners that section 47(7) and regulation 15(8) makes it obligatory to advise the PPRA within 14 days of any changes to their contact details or details appearing on their FFC, and failure to do so will result in the issuing of a compliance notice with a possible fine.

Please note that the change of details attracts an administrative fee which is available on the schedule of fees on this website. There are 2 fees applicable for amendments. Amendments which require the re-issuing of the existing FFC with updated details, attract the higher fee. Minor changes which do not affect the existing FFC, but which only entail an amendment of our records, attract the lower fee. Please see the schedule of fees for the updated 2026-2027 fees currently applicable.

Please email amendments with proof of payment to registrations@theppra.org.za while the new portal is being phased in. When the integration is fully complete, changes may be effected by the practitioner via the portal.
